

SIMTEK RETAINS FUSION IR & COMMUNICATIONS, INC. SUPPORTING MANAGEMENT'S GOAL OF EFFECTIVE AND CONSISTENT COMMUNICATION WITH THE INVESTMENT COMMUNITY

COLORADO SPRINGS, Colorado, July 8, 2005 -- Simtek Corporation (OTCBB: SRAM), announced that it has retained Fusion IR & Communication as its strategic investor relations counsel.

"In keeping with my plan expressed in the last conference call to become more visible to our constituents, we have retained a leading investor relations firm with solid experience among semiconductor companies, to assist us in planning and implementing our strategy of improved communications and enhanced investor awareness," said Harold Blomquist, President & CEO of Simtek. Mr. Blomquist added, "I have worked with Fusion IR and its principal, Sheldon Lutch before. I value his strategic thinking and look forward to his 'out of the box' ideas and solutions to complicated issues facing companies of our size and nature."

Sheldon Lutch, Principal of Fusion IR stated, "I am looking forward to sharing the vision, and growth of this exciting semiconductor company with the investment community. To be able to explain to the investment community, who Simtek is, where they are going and how they are executing their strategic plan and vision is our goal at Fusion IR."

About Simtek Corporation

Simtek Corporation designs and markets fast, re-programmable, nonvolatile semiconductor memory products, for use in a variety of systems such as High Performance Workstations, GPS Navigational Systems, Robotics, Copiers and Printers, Broadcast Equipment and many others. Information on Simtek products can be obtained from its web site: www.simtek.com; email: information@simtek.com. The company is headquartered in Colorado Springs, Colorado, with international sales and marketing offices and channels. Simtek is listed under the symbol SRAM on the OTC Electronic Bulletin Board.

Forward-Looking Statements

This press release may contain forward-looking statements, including statements predicting Simtek's future growth. These forward-looking statements are inherently difficult to predict and involve risks and uncertainties that could cause actual results to differ materially. For a detailed discussion of these and other risk factors, please refer to Simtek's filings with the Securities and Exchange Commission (SEC).
